Re: Plan Change Effective April 1, 2013
– Chemical Dependency Benefits

Effective April 1, 2013, you and your eligible spouse must use either your HMO's chemical dependency benefits or an Operating Engineers Assistance Recovery Program (ARP) approved Contract provider. Services received from a Non-Contract Provider will not be covered. Note that chemical dependency benefits are only available to you and your spouse, not to dependent children.

If you choose to use ARP, you must contact the ARP office before seeking treatment in order to receive maximum benefits. The ARP coordinator will assist in making a referral to an appropriate authorized treatment program. All communication with the ARP will be strictly confidential.

You can contact the ARP office at **(800) 562-3277**.

If you have any questions, please contact the Trust Fund Office at the numbers listed above. You may also call the Fringe Benefits office at (800) 532-2105.
